Gigaset R700H PRO

Created to enable your business under challenging conditions!

The new R700H PRO is the robust, shockproof, dustproof and waterproof handset according to IP65 in the Gigaset Professional portfolio. Whether shocks from falling, water jets or dust, the handset is designed to be protected against most external impacts. In addition to these features the device is also equipped with a rubber surface that is resistant to disinfectants. This gives it perfect grip in the hand and in addition it comes in with an elegant design. The handset is equipped with many business functions. The R700H PRO has a big 2.4" colour display and a headset connection via Bluetooth® 4.2 or the integrated 3.5 mm jack. As an enduring companion due to the outstanding battery life, the integrated LED for visual call indication or use as a torch and the convenient vibrating alert, the handset allows you to maintain your communication even in a noisy work environment e.g. in a production facility outdoor area a service garage or a logistics environment. The handset is optimised for use with all professional Gigaset DECT systems. In addition, the R700H PRO can also be used on CAT-iq & GAP compatible base stations in third party single and multi-cell environments.

Feature highlights

- Shockproof, dustproof and waterproof according to IP65
- Non-slip rubberised surface
- Programmable alarm-/function button
- Large illuminated 2.4" TFT colour display
- Headset operation via Bluetooth® 4.2 or 3.5mm jack
- Handsfree talking with brilliant HDSP™/CAT-IQ 2.0¹ acoustic quality and high maximum volume

- Up to 13h talk time
- Up to 320h standby time
- Charging also via Micro-USB connection
- Charging cradle included free of charge
- Full compatibility with the professional Gigaset DECT single and multi-cell systems

IP65 and disinfectant resistant

In addition to the rubberized surface which gives the device a perfect grip the new R700H PRO is designed in such a way that it can also be operated with work gloves. The display glass is proof against scratches thanks to a harder surface and can therefore be used in extreme working environments. With an IP65 certification, the R700H PRO is protected against shocks and against the ingress of dust and water jets. In addition, the special magnetic shielding makes the R700H PRO resistant to metal dust. The handset has a disinfectant-resistant surface, which simplifies cleaning and thus protects against bacteria and virucides.

Business functions and smart security gadgets

The new Gigaset R700H PRO scores in the professional environment with its large 2.4" TFT colour display and a wide range of business functions such as SUOTA, Bluetooth and a brilliant sound quality. The R700H PRO is completed by the vibration alert, the integrated LED for visual call indication or use as a torch and the separately programmable alarm button to quickly and easily trigger a direct dial or an alarm call. Optimized for Gigaset single and multi-cells and for use behind alarm systems².

Optimized for multi-cells - indoors and outdoors

Whether in dusty production facilities or in wet outdoor conditions: you can be reached everywhere. This is ensured by seamless roaming and call transfer when working with Gigaset multicell systems. The new R700H PRO offers full freedom of movement and high flexibility for all employees throughout the company premises in all environments.

¹ Software update to CAT-iq 2.1 planned
² Available at a later date
³ Depending on base station and/or PBX provider

**Handset**
- Dimensions (L x W x H in mm): 159 x 54 x 25

**Charger**
- Dimensions (L x W x H in mm): 75,5 x 74,2 x 44,2

**Packaging**
- Dimensions (L x B x H in mm): 224 x 166 x 60
- Weight: approx.: 381g

Contents of packaging
- Handset
- Battery cover
- AAA batteries (NiMH)
- Belt clip
- Charger for handset
- Power supply unit
- User manual

Environmental conditions
- Protection class: IP65
- Operating temperature between +5 to +45° C
- Storage temp between -15 bis +65° C
- Relative Humidity between 20% and 75%, non condensing

Gigaset R700H PRO
- Order number: S30852-H2976-R102

Accessories
**Gigaset 360° Swivel Belt Clip**
- Order number: S30852-Z2976-R142

The robust Gigaset swivel belt clip made of high-quality plastic consists of two parts - the handset carrier and the belt clip. This allows R700H PRO to be attached to an ordinary belt. Due to the 360° rotation feature the handset is optimally fixed and still offers the desired freedom of movement. All connections on the device are still freely accessible.

Standard belt clip:

360° Swivel belt clip:

4) In standard scope of delivery - colour changed for better display
5) Chargeable accessories - colour changed for better representation

It’s your best choice.
